01

TILED SPACES TO FALL IN LOVE WITH

Embracing change and setting new goals is always a good idea – whether it is on a personal level or making improvements to your home. In the case of the latter, ceramic tiles offer an excellent solution, due to their outstanding versatility and functionality. Ceramic tiles are **resistant, easy to clean and fire-resistant**, making them the ideal choice for everyone seeking long-term performance and top quality materials.

KITCHENS WITH A UNIQUE TOUCH

Kitchens are the heart of every home – multi-functional spaces where practicality always tops the list of priorities when choosing materials. Ceramic tiles are ideal for this area because they are heat-resistant and easy to clean, but above all, because their **low porosity prevents them from absorbing stains**. And from a design perspective, when the kitchen and dining area form a single space, ceramic tiles can be used either to differentiate between areas through the use of different finishes or to enhance the sense of spaciousness by using the same tile throughout

1. **Apavisa Porcelánico, Toko**
(660x60 and 100x100 cm)
2. **Realonda, Portofino**
(15x45 cm)
3. **Prissmacer Cerámica, Iron**
(60x120 and 120x120 cm)

LIVING ROOMS DESIGNED FOR QUALITY FAMILY TIME

Watching series back-to-back, reading, playing board games... living rooms are spaces where we spend most of our family time, or simply unwind, so **creating a warm and relaxing atmosphere** is essential. In this sense, the use of ceramic tiles with stone or wood-effect finishes can help to create just the kind of soothing environment needed. What's more, if you are looking to add a personal touch, there are **countless graphic finishes** available, capable of bringing a distinctive feel to any living room while still preserving a sense of elegance and sophistication.

BATHROOMS WITH CHARM

Ceramic tiles are a **resistant, hygienic and waterproof material, and are also available in anti-slip finishes**, making them the ideal choice for use in wet zones. In addition, these spaces allow for the use of cheerful, eye-catching designs and a variety of shapes to bring dynamism and vitality to the room. From options featuring graphic patterns or vibrant colours to formats that create visual interplay through their tactile quality or relief texture, ceramic tiles are an effective way to break from monotony and achieve a more pleasant and attractive atmosphere.

BEDROOMS FOR LETTING YOUR IMAGINATION RUN FREE

The bedroom is the most personal space in the home. It is where we retreat when we want to be alone, where we spend time resting and, above all, where we can let our imagination run free. In this sense, the **versatility** of ceramic tiles makes them an ideal choice for finding exactly what we are looking for. For example, wood-effect ceramic floor tiles are guaranteed to add **warmth to the room**. And if the aim is to add brightness, then light-coloured tones will create a greater **sense of spaciousness**, while also evoking calmness and serenity.

4. **Keraben, Poeme**
(150x24,8, 120x20 and 120x60 cm)
5. **Dune Cerámica, Pavimento: Quercus**
(22x120 cm); **Revestimiento: Pietra Viva**
(120x120, 60x120 and 90x90 cm)

DINING ROOMS WITH A NEW SENSE OF STYLE

Dining rooms lie at the heart of family gatherings and special events, making it essential to choose materials that are practical and easy to clean, but without compromising on design. Ceramic tiles offer an excellent solution when seeking to **transform the look of a dining room**, particularly through a creative mix of various finishes. Additionally, a single wall can be enhanced with unique and original ceramic tiles, turning it into a striking focal point for the entire room.

6. Cevica, Celosia Symbol
(15x15 cm)

TERRACES FOR WHILING AWAY THE HOURS

Terraces are ideal spaces for enjoying the fine weather, relaxing, and breathing in the fresh air. However, given their exposure to the elements, it is important to choose materials that are both **durable and weather-resistant**, making ceramic tiles an excellent choice. In these outdoor areas, ceramic tiles in warm brown or terracotta tones are particularly suited for creating a sense of warmth and sophistication. Tiles inspired by nature are another attractive option, with floral patterns or shades of green, seamlessly connecting the terrace with the exterior.

7. Natucer, Fuego (6,5x25, 15x30,
22,5x22,5, 45x45 and 25x50 cm)

SWIMMING POOLS WITH CHARACTER

As with terraces, ceramic tiles are ideal for poolside spaces thanks to their high resistance to **moisture, temperature fluctuations, and adverse weather conditions**. They also require minimal maintenance, making it easy to keep the pool area clean and in excellent condition despite exposure to the elements and chemical products. Thanks to the wide variety of designs, colours, and formats, ceramic tiles will create spaces with a character all of their own.

8. Venatto Texture Silex
(60x40 cm)

02

THE SECRET INGREDIENT FOR YOUR HOME

The home is where we seek refuge, let our imagination run free, and can truly be ourselves. In this context, the choice of **natural materials like ceramic tiles** is essential to creating spaces with a **beauty that goes beyond the purely aesthetic**. Made from elements as natural as earth and water, Spanish ceramics also carry **a secret ingredient: respect**.

RESPECT FOR THE ENVIRONMENT

An essential part of what sets the Spanish ceramic tile industry apart is its firm commitment to **conserving nature**. Indeed, Spanish manufacturers adhere to strict sustainability and quality standards, introducing technologies that boost energy efficiency and enable efficient resource management, including the reuse of 93% of production waste. Moreover, ceramic tiles boast inherent qualities such as **durability and inalterability**, making them suitable for both interior and exterior applications, including terraces. Their versatility also **allows the same design to be used indoors and outdoors**, creating a sense of continuity.

9. Arklam, Nativa
(120x300 and 160x320 cm)

10

RESPECT FOR IDEAS

The Spanish ceramic wall and floor tile industry is renowned for its capacity to adapt and evolve. With its sights permanently set on the future, today **it leads the world in technological development, design and quality**. A commitment to innovation that has enabled the creation of advanced surfaces and aesthetic effects that make Spanish ceramic tiles the perfect complement to any space.

11. Cristacer Arkemia Line Sand
(90x90 cm, 60x120cm)

RESPECT FOR PEOPLE

Care for people – those that make them and those that use them – is the second pillar sustaining the beauty of ceramic tiles. Spanish tile manufacturers operate under **regulations that uphold equality, inclusion, and labour rights**. Ceramic tiles are deeply rooted in Spanish culture, with many brands drawing inspiration from **traditional, retro, or vintage designs**. Moreover, the material itself is a safe and reliable choice, as it is hygienic, fire-resistant, and non-toxic, ensuring that the spaces we inhabit are both healthy and safe for the environment.

10. El Molino, Kotor
(58x58 cm)

11

12

RESPECT FOR CUSTOMERS

For Spain's ceramic tile manufacturers, their customers are more than just buyers. The industry is **fully committed to consumer satisfaction**, which involves **forging long-term relationships with its customers**. The entire industry is dedicated to delivering the very best customer solutions, offering ceramic tiles tailored to every need. This material offers a wide range of colours and designs, but its versatility goes even further, encompassing endless formats and textures.

12. Decocer, Bamboo
(7,5x30 cm)

13. Cicogres, Fame
(120x120, 60x120, 60x60, 30x60)

03

CERAMIC INSPIRATION FOR BATHROOMS

Selecting ceramic tiles for bathroom walls and floors is a **smart choice that combines functionality and style**. This material stands out for **its high resistance to water and stains, making it ideal for a space where humidity is constant**. Its easy maintenance, durability, and resistance to frequent contact with water and cleaning products ensure a space that is always clean and safe, while also preventing the growth of mould and bacteria. Added to this are its **anti-slip properties, which contribute to creating a comfortable and healthy environment**.

A WORLD OF COLOUR

Achieving true originality in bathrooms requires exploring **the endless colour options ceramic tiles can offer**. Spanish ceramic tile manufacturers offer **a wide range of vibrant and striking tones that go beyond the traditional colours typically featured in bathrooms**. Thanks to this chromatic diversity, it is possible **to create unique spaces overflowing with character**.

14. Fabresa, Aria Matt
(10x30 cm)

14

UNIQUE COMBINATIONS

Creating ceramic tile compositions that combine **a range of finishes is an ideal way of adding character and definition to the bathroom**. What's more, **zoning the ceramic tiles** creates a clear sense of definition between the various spaces: for example, using marble-effect tiles in the shower area and single-tone tiles elsewhere will create **eye-catching spots that are full of character**.

15. Adex, Neri
(7,5 cm x 15 cm; 10 cm x 20 cm; 5 cm x 20 cm; 15 cm x 15 cm; 3 cm x 20 cm; 3,5 cm x 15 cm; 2,5 cm x 15 cm; 2,5 cm x 20 cm; 5 cm x 15 cm and 7,5 cm x 7,5 cm)

BLUE LOVE

Blue evokes all the freshness and depth of the ocean, making it perfect for spaces like the bathroom when seeking to create an environment overflowing with vitality and energy. We can choose between uniform coverage using large-format tiles, or highlighting a specific area. This on-trend colour offers endless possibilities for **designing spaces that draw the eye and create a unique visual impact**.

16. Cicogres, Fame
(Pavimento de gres porcelánico rectificado: 60x120, 80x80, 60x60 and 30x60 cm; Revestimiento de pasta blanca rectificada: 30x90 cm.; Revestimiento de pasta roja: 20x60 cm)

MARBLE-EFFECT

Marble-effect ceramic tiles **never go out of fashion**, making them a surefire success in any bathroom. Opting for dark tones with the characteristic veining of this finish will transform any wall and floor, **creating a sensation of depth and evoking an elegant setting that is rich in character**.

17. Gayafores, Montblack
(60x120, Rect 59,1x119,1)

COUNTLESS FORMATS

Ceramic tiles offer **an infinite range of formats that allow for unique compositions where functionality meets aesthetic appeal**. The variety of shapes multiplies the design possibilities, **turning walls and floors into authentic artists' canvases**.

18. El Barco, Majorica
(7,5x30 cm)

A HAVEN OF CALM

Choosing ceramic tiles in neutral tones for bathroom walls and floors is an excellent way to create **a bright and spacious atmosphere**. Colours such as white, beige or soft grey not only bring elegance and timeless character, but also convey a sense of calm and serenity, making the bathroom a truly relaxing space. **These neutral tones also make it easy to integrate other decorative elements, allowing for combinations of textures and subtle details that enhance the overall harmony of the design**.

19. Grespania, Riverside
(120x120, 60x120, 60x60 and 30x60 cm)

04

SLOW-CRAFTED CERAMIC TILES

Without a doubt, the kitchen is the heart of any home, a space for everyday living and also for savouring those special moments. And ceramic tiles are the ideal choice for this focal point of the home, offering characteristics and features that **guarantee easy cleaning, maximum resistance to changes of temperature, as well as safety, thanks to their fire-resistant nature and the fact that they do not emit toxic fumes.**

20. Arcana, Mousse y Spuma
(Mousse: 22,7x29, 8x31,5, 59,3x59,3, 60x60, 80x80, 45x120, 60x120 and 120x120 cm; Spuma: 22,7x29, 29,3x29,3, 30x30, 8x31,5, 59,3x59,3, 60x60, 80x80, 60x120 and 120x120 cm)

20

21

WOOD MATCHING

Our proposal includes the use of large-format ceramic tiles featuring **wood-inspired designs in a range of tones, from warmer shades to more beige hues.** These surfaces can be paired with light, plain tones, creating an original finish while also producing a warm and welcoming atmosphere.

21. TAU Cerámica, Dorset
(60x60, 90x90, 60x120, 100x100, 120x120, 160x160 and 120x280 cm)

22

MARBLE-EFFECT

Kitchens need materials that can withstand constant use while also contributing to creating a refined and elegant environment. **Marble-effect ceramic surfaces are an ideal solution, bringing the timeless sophistication of marble to a space where functionality is essential.** Their balanced tones, ranging from bright whites to soft greys and dusty beiges, provide **visual spaciousness and a sense of order and cleanliness.**

22. Emotion Ceramics, Vogue
(Pavimento: 60x120 y 120x120 cm rect and 60,5x60,5, y 30x60 cm; Revestimiento: 30x90 cm rect and 20x60 cm)

VINTAGE INSPIRATION

Vintage-inspired ceramic tile surfaces add **character and authenticity** to any kitchen. Their patterns evoke the charm of the past adapted to contemporary settings, adding **a distinctive touch without overwhelming the space**, creating an environment that balances nostalgia and functionality to perfection.

23. Peronda, FS Farfalla
(45x45 cm)

GLOSS FINISHES

Ceramic tile surfaces with glossy finishes in colours that are anything but neutral bring **a burst of energy and brightness to kitchens**. Their **glossy lustre creates a sense of spaciousness and movement**, resulting in vibrant, modern environments where functionality blends seamlessly with style.

24. Cerâmica Da Vinci, Elements
(7x25 cm)

CUTTING-EDGE STYLE

Ceramic surfaces in shades of black, grey and silver lend **a futuristic and sophisticated** air to any kitchen. A combination of tones that adds depth and a sense of movement, **transforming any space into a modern and timelessly elegant setting**.

25. Decocer, Areca
(14x16 cm)

26

05

EXTERIORS WITH A CERAMIC ESSENCE

The arrival of warmer weather is the perfect time to start lingering outdoors and rediscover our love of exterior spaces. Lazy afternoons spent reading in the sun, dips in the pool, or family barbecues are just some of the many activities we can enjoy outside, all accompanied by a lively pace that could leave its mark on the materials that decorate these areas. Yet thanks to qualities such as **durability and inalterability**, **ceramic tiles are an ideal choice for dressing these outdoor environments.**

26. **Saloni, Markthal**
(90x90, 60x120, 60x60, 30x90 and 19x90 cm)

27

MEDITERRANEAN-INSPIRED SETTINGS

Ceramic tiles boast a long-standing tradition and a strong presence in Spanish culture. Available in myriad styles and formats, **one of the latest trends is Mediterranean inspiration.** Featuring tiles in **green, blue, and terracotta tones**, ceramic décors aim to evoke the natural beauty of Mediterranean countries. What's more, the fact that ceramic tiles are made from the essential elements of water, earth, fire, and air makes them an environmentally responsible choice. Industry innovations have made it possible to produce functional products sustainably in all phases of the manufacturing process.

27. **Exagres, Portland**
(33x33 cm)

28

CLEAN LOOK EXTERIORS

In today's busy world, creating spaces that promote well-being and **a slower pace of life** has a strong appeal to many. And the use of ceramic tiles in **light, simple tones adds a minimalist touch to exterior spaces.** Warm, soothing settings on terraces or around pools enhance the sense of relaxation, perfect for reading or sunbathing outdoors. What's more, using the same tones or tiles for both interior and exterior spaces effectively produces a sense of unity throughout the setting.

28. **Museum Surfaces, Piemonte**
(100x275, 100x180, 100x100 and 60x120 cm)

29

SMALL FORMATS FOR A TOUCH OF DISTINCTION

Opting for small-format or classically inspired tiles is an aesthetic choice that reflects lots of character. Nostalgic designs or patterns that recall times gone by evoke feelings of comfort and fond memories. **There is a wide range of small formats that play with repetition, geometric patterns, and textures to add a cheerful and welcoming touch.**

29. Vives Azulejos y Gres, Zero
(15x17, 23,3x26,8, 30x30, 8x31,5, 59,3x59,3, 60x60, 80x80, 60x120 and 60x120 xtra cm)

30

A NATURAL CONNECTION

Ceramic tiles are not only an exceptional way to embellish outdoor spaces; they are also ideal for those wishing to use environmentally responsible materials. Ceramic tiles manufactured in Spain respect the environment, but also **the people that make them, the customers, ideas, and heritage.** In addition, ceramic tiles can connect with nature through tiles that mimic the appearance of completely natural materials. For example, there are countless outdoor terrace options inspired by natural stone that **create a direct link between nature and our exterior spaces.**

30. Undefasa, Slate origin
(60x120, 60x60 and 30x60 cm)

31

SAME SPACE, DIFFERENT SETTINGS

Outdoor spaces are exposed to sharp changes of temperature, as well as the effects of rain, sun, wind, or snow, which means that choosing materials that will last is a must. Porcelain tiles or rustic tiles are the ideal solution, as they not only remain unaltered over time, but also offer additional qualities such as anti-slip finishes. For exterior settings that include gardens and terraces, ceramic tiles are also an excellent way to **aesthetically define different areas** while creating visual harmony.

31. Mijares, Montesa
(15x21,8, 22,6x32,6 and 32x42 cm)

32

THE PLEASURE OF TAKING A SWIM

Pools are an essential part of outdoor living, and in this case, ceramic tiles are an excellent choice. Apart from being **resistant to moisture, they are also hygienic, anti-slip, and easy-to-clean** – just the thing for pool surrounds. What's more, as a highly practical material, ceramic tiles require minimal maintenance, making more time to simply enjoy the pleasure of taking a swim.

32. Cerlat, Bali
(15x15 and 22,5x22,5 cm)

06

CERAMIC OASES

When summer arrives, there is nothing better than a swimming pool to cool off and enjoy the great outdoors. In order to guarantee total comfort, the choice of the floor and wall coverings is essential. In this sense, **ceramic tiles stand out for their technical and aesthetic features, making them the perfect material for creating an oasis right in your home.**

Their **resistance and durability guarantee optimum performance despite constant contact with water and chemical maintenance products.** They are also **easy to clean, preventing the spread of mould and bacteria,** and keeping these spaces clean and safe for everyone.

When it comes to coverings for pools, we are not only referring to the basin (the area filled with water), but also the surround. In this sense, mention should be made of **the range of anti-slip ceramic tiles that deliver extra safety, available in a range of finishes with different slip-resistance ratings to meet any usage requirements depending on their location.**

UNIQUE SURFACES

For a truly exclusive swimming pool, the best choice is wall tiles featuring original surfaces.

Spanish ceramic manufacturers offer a wide **catalogue of unique ceramic tiles featuring innovative and authentic finishes.** These surfaces not only add character and distinction, but also turn the pool into **a decorative artwork** to be admired in the outdoor space.

33. Equipe, Rivoli
(20x20 cm)

INFINITE TRADITION

The classic blue mosaic tile continues to be a great choice for pools. The traditional glossy finish **brings out the full luminosity of the water,** evoking the sea and creating a fresh, revitalising atmosphere. This material allows for the **design of personalised patterns, offering different finishes that adapt to a wide range of decorative styles and personal tastes.**

34. Onix Pure
(15x15cm)

REINVENTING MOSAIC TILES

Mosaic tiles remain a strong trend, **although today the options include new designs and formats which, inspired by this classic design, have been reinvented to offer more original and creative finishes.** This evolution preserves the classic beauty of mosaic tiles while exploring new aesthetic and technical possibilities that bring added versatility and advantages.

35. Bestile, Caliope Marine
(15x15cm)

BALI VIBES

Swimming pools clad in ceramic tiles in ocean blue or emerald green tones evoke **tropical beauty and soothing nature, creating relaxing and vibrant environments.** Tiles that **embellish the outdoor space** and invite calm and connection with the surroundings, transforming any pool into a true Bali-style retreat.

36. Cerámica Mayor, Bali Zatu
(14,7x14,7 and 30x60cm)

BEYOND BLUE

Choosing ceramic wall tiles in colours other than the traditional blue, such as shades of green or terracotta tones, is **an excellent way to add personality and warmth to your swimming pool.** These colour ranges allow **a closer connection with nature and convey a sense of freshness, while creating a welcoming and organic atmosphere** that blends seamlessly into any setting and allows original decorative combinations.

37. Cifre Cerámica, Sinai
(60x120; 60x60; 30x60; 33x33 and 12x15cm)

07

TRENDS IN TILED SURFACES

At a time marked by social transformation, accelerated technological change, and the urgent need to create more liveable environments, **tiled surface design stands out as one of the most influential material languages within the contemporary habitat.** From walls to floors, **tiled surfaces are emerging as a field of experimentation where artisanal tradition, technological innovation, and creative vision come together.**

38. STN Cerámica, Balear
(120x280 cm)

GEOMATTER: MATERIAL, MEMORY AND ORIGIN

This trend represents the evolution of a geological and primal impulse, transforming earth into narrative, strata into surface, and imperfection into beauty. **The surfaces are dense and textured, revealed without filters, where roughness, erosion, and fragments take centre stage.**

39. Vitacer, Hizuru
(120x280 cm)

INNERLAND: A NEW FRONTIER FOR MINIMALISM

The idea behind this trend is to redefine the home as a territory for the emotions, **where each surface is a place of refuge, with ceramic tiles that speak to our sense of touch, our soul, and our memory.** A design that is not only seen, but felt, and grounded in our conscious presence.

40. Roca Tiles, Serena Veincut (280x120, 120x120, 120x60 and 60x30 cm R)

HERITAGE PLAY: A LIVING LEGACY

Tiled surfaces are evolving towards proposals that integrate **tradition, technology, and emotion.** Craftsmanship, sustainability, and personal expression are valued through **sensory materials and colours that generate well-being and connection.** Environments are transformed into creative, dynamic, and meaningful settings, resulting in spaces that are both functional and expressive.

41. Estudio Cerámico, Highbury (15x15 cm)

OPULIS: SENSING EXCESS

Sophistication is reinvented with **ceramic tiles that stand out for an emotional, sensory, and deeply visual aesthetic, fusing the ornamental, the technological, and the symbolic.** From dramatic opulence inspired by the past to the poetics of shadow, and evolution expressed in surfaces **with a liquid or futuristic appearance.**

42. Cerámicas Aparici, Illusion (100x100 and 50x100 cm)
